

Dr. Emily Gutierrez

Board Member

She holds multiple board certifications, including from the Institute for Functional Medicine, as a clinical nutritionist, and as a primary care mental health specialist. Additionally, she is a fellow of the Medical Academy of Pediatric Special Needs.

Dr. Gutierrez is the founder and owner of Neuronutrition Associates, one of the first pediatric-focused functional medicine practices in Texas. She also founded Neuro Nutrients, a company dedicated to providing high-quality nutraceuticals based on clinical research and patient needs. A published author and nationally recognized speaker, Dr. Gutierrez lectures across the U.S., educating healthcare professionals on the role of functional medicine and nutrition in pediatric care.
